This application is in condition for allowance except for the presence of claim 1-6, 11 and 12, directed to polymerization process and which were non-elected without traverse. Accordingly, claims 1-6, 11 and 12 have been cancelled.

In the claims:

Cancel claims 1-6, 11 and 12.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EP 692515 is cited as "X" on the ISR of the PCT application; however, this reference does not anticipate or render obvious the instant claims because it does not disclose films which include the requirement of zero gels of 0.4 mm or greater. The

instant specification defines at page 12 the method of measuring and reporting the gel count, wherein an A4 size film sample is scanned for gels of three size categories, and the resulting values are then converted to a value of gels per square meter. Since EP 692515 states at page 3, lines 33-40, that film made according to the disclosed method "contains numerous small and large gels," insufficient basis exists to conclude that such films would inherently have zero gels of a size 0.4 mm or greater. The reference examples furthermore do not report the specific weight fraction of each polymer component, and generally reports only a broad range of component ratios including a substantial portion outside the claimed scope (see page 3, lines 25-26).

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Roberto Rábago whose telephone number is (571) 272-1109. The examiner can normally be reached on Monday - Friday from 8:00 - 4:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Wu can be reached on (571) 272-1114. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
